

Australian Paediatric Surveillance Unit Rare Disease Workshop

Exploring the impacts of rare diseases – your child,
your family and the health system

**You MUST
register to attend
– limited spaces
available!!**

Saturday 15th March 2014; 10am to 4pm

**Kids Research Institute
Children's Hospital at Westmead
Cnr Hawkesbury Rd & Hainsworth St
Westmead NSW 2145**

This workshop is specifically designed for parents, carers and support groups. The theme is **Exploring the impacts of rare diseases – your child, your family and the health system**. Preliminary results from a family survey on the impacts of rare diseases conducted under the APSU ARC Linkage Grant will be presented. There will be information stalls from organisations that support families. The afternoon session will include focus group discussions about the out-of-pocket expenses incurred by families while caring for a child with a rare chronic condition and financial support needs of families. Please see the programme on the next page.

For more information please call Jade or Kirrilee at the APSU on (02) 9845 3005.

All parents and carers are welcome no matter which disease or condition your child has. Please note that CHILDCARE will not be provided – this is an educational workshop for parents, carers and support group representatives.

REGISTRATION FORM - To register please complete the form below or call the APSU on (02) 9845 3005
